**What are the first and last letters of the alphabet? Alpha and Omega are the first and last letters of the Greek alphabet - just like A and Z in our alphabet! If Jesus is the Alpha and the Omega (or A and Z), what does that mean about him? (He is first and last, beginning and end)**

**If Jesus was in the beginning, what was the beginning? If Jesus will be in the end, what will be the end?**

**Is Jesus only in the beginning and the end, or is he around all the time in all places?**

**Read Revelation 22:12-13. Jesus said he is the Alpha and the Omega. He also said he is coming soon. When he comes, will that be the beginning or the end?**

**Jesus is infinite. That means time doesn't control him. He was here before time existed and will be here after time has stopped.**

Start a one minute timer in a visible place (microwave, phone, computer, etc.) Before you start the time, iterate that Jesus is here before time starts. Start the timer. As the timer counts down, talk about how Jesus is here in the middle of time, too. After the timer is over, iterate that Jesus will be here, too, when time stops.

**When Jesus comes back, there will be no more time. When he comes back, we'll be infinite, too! Pray and ask Jesus to come soon.**
